MRVC HIGHLIGHTS NOV - 2011

1. Conversion of Vile Parle - Kandivali section from existing Direct Current (DC) to Alternative Current (AC)

MRVC team of officers and supervisors worked tirelessly at several locations to ensure seamless and before-time execution of the conversion process.

Jogeshwari Traction substation was set up by MRVC Ltd. Section of Mumbai suburban between Vile Parle to Kandivali section is fully commissioned on 25 Kv AC on 13.11.2011 through Traction substation Jogeshwari. Western Railway successfully organised a mega block on Sunday, 13th November 2011 between Bandra and Bhayandar for converting the existing Direct Current (DC) electric traction to Alternative Current (AC) system to bring uniformity of electric traction and to make train travel smoother, faster and more comfortable.

Mumbai Railway Vikas Corporation Ltd
